

INDUCTION MELTING & SINTERING FURNACE

(5Kg-15T capacity)

Amakan's melting and sintering furnace offer the following

- Lowest power consumption in its class
- 6/12 pulse options
- 5KW – 6MW power range
- 0.1KHz to 0.5KHz frequency capacity
- Easy maintainability
- Digital control system with elaborated debugging system
- Wide digital interface screen
- Thyristor based rugged design
